“ *I'm deeply saddened by the loss of Dr. Mootoo. He was so very kind. Always came in early in the morning, with a smile greeting all the nurses. He always took the time to speak to us even if it was just asking how our shift had gone. My condolences to his family. May his love for them carry them through this difficult time.*

“ *Alas poor Yorick... Keith and I were friends from the time we both entered Queens College in 1961, to the time we left in 1968. We were always in the same class played cricket together, and of course read Hamlet.. He would have recognized the quote..  
We lost touch when he left for England.  
To his grieving family, I offer my sincere condolences on behalf of myself and family.  
My God comfort you in your time of grief*

“ We were so saddened to hear of Ivor's passing. The Karticks and the Mootoos were very close family friends in Guyana and we knew Ivor very well. He even stayed with our family during his first year in high school. The connection with him and the family was lost over the years but we still have fond memories of him from his youth. Our deepest sympathies go out to his family and to his siblings and extended family. May God comfort you and give you strength and peace at this difficult time. From Lucille Kartick, Richard, Patricia, Lewis, Cynthia, Edward and Rupert and their families.
